

Youth Employment Hub

Latest News!

Hello everyone!

May was a lively month at the Youth Employment Hub. We met lots of new young people coming along to activities, to chat through their next steps and to start to explore what these could look like together.

A highlight of the month was the [Naturelinks](#) info session, where young people discovered hands-on outdoor and creative opportunities and began thinking about new ways to build confidence and try something different outdoors.

We also ran a [supported internship](#) session with our friends at St. Johns College, helping SEND young people understand real pathways into work and what support is available along the way.

The Hub is a relaxed, welcoming space for you to drop in, ask questions, get advice, and feel supported... and we've loved getting to know everyone who's been coming in and celebrating their achievements with them!
Looking forward to seeing you soon, from Skye and Kitty, the Youth Employment Hub team.

HUB HOT PICKS

Money Ready: Free 2-Day Money Management Course
16-25s | 6th & 7th July | 10am-3pm both days

A free, accredited two-day course helping you people build confidence and practical money management skills. Topics include budgeting, banking, housing, credit, and consumer rights.

Delivered by Money Ready, a specialist financial education charity, the course also offers the opportunity to gain a **Level 1 Personal Money Management qualification**.
